

Mass - Weight

Read through the objects below and decide whether they should be measured in kilograms or grams. Write an estimate for how much you think they weigh.

Object	Measured in?	Estimated weight
Freezer	kg	35kg
Ruler	g	3g
Feather	g	1g
Pencil	g	5g
Glass Cup	g	7g
Car	tones	400 tones
Dictionary	g	6g
School bag	g	3g
Person (you)	kg	33kg
Chromebook	kg	23kg

Using the [interactive scales](#), choose 5 objects and figure out how much each object weighs by placing the weights onto the other side of the scales.

Object	Answer
Soccer ball	3kg
shoes	2kg
totray	5kg
grass	1g
leaf	20g
